# **Treatment of Low Bone Density or Osteoporosis to Prevent Fractures in Men and Women: A Clinical Practice Guideline Update from the American College of Physicians (2017)**

An updated Clinical Practice Guideline from the American College of Physicians to present additional available evidence on treatments, including new medications and biologic agents, to prevent fractures in men and women with low bone density or osteoporosis since the publication of ACP's guideline in 2008. This guideline replaces the 2008 guideline.
