

Dear Oklahoma Resident/Fellow and Student Member:

The Oklahoma-ACP has worked hard to provide a highly educational fall conference on *Updates on Care for the Older Patient* to be held **September 27-28, 2024** at the Schusterman Education Center on the campus of the OU School of Medicine in Tulsa. There is no fee for students or residents to attend this conference; however, registration will be required in advance. The registration form for the meeting will be available on the chapter website at <https://okchapter.acponline.org>

On behalf of the Oklahoma Chapter Scientific Meeting Committee, we invite all fellows, residents, and students to submit abstracts in the following categories:

Basic Research
Clinical Research
Quality Improvement/Patient Safety
High Value Care
Physician Well-Being and Professional Fulfillment
Clinical Vignette

Complete the submission form on the chapter website to enter the contest.

The deadline for submissions is **Sunday, September 8 at midnight**. This will allow time for the Program Committee to review submissions and notify oral presenters of their selection. Please refrain from using any specific dates, names, or other HIPAA sensitive information.

Posters need to be mounted for display by 9:00 am on Saturday, September 28, 2024 in Founder's Hall at the Schusterman Center. Judging will begin at 12:30 p.m. To accommodate as many entries as possible, poster size is limited to 4 feet by 4 feet.

Four original clinical/research talks will be chosen for presentation, each lasting 10 minutes with 5 minutes reserved for questions. Oral Presentations will occur at 1:30 p.m. on September 28.

The Doctor's Dilemma competition is scheduled for Saturday afternoon, September 28th at 2:45 p.m. Each campus may enter up to two four-person teams. Please check with your Program Director regarding the team for your campus.

The winners of each category will be announced at the Awards Presentation to be held on Saturday, September 28th at 3:45 p.m. In recent years we have had outstanding resident participation and spirited competition, and we hope this year will be more of the same! If you have any questions about the abstract competition or deadline, contact [Ryan Yarnall, MD, FACP](#)
