

**XXVIII Colombian Congress of Internal Medicine**  
**Colombian Association of Internal Medicine and ACP Colombia Chapter**  
**August 14–17, 2024**  
**Cartagena, Colombia**  
**Global Ambassador reflections by: Ruben Antonio Gómez Mendoza, MD, FACP**

I was honored to serve as ACP Global Ambassador at the Colombian Congress of Internal Medicine, a collaborative meeting with the Colombian Association of Internal Medicine and the ACP Colombia Chapter. About 2,900 people attended the meeting. I gave two presentations during the meeting and participated in the ACP Colombia Chapter Town Hall Meeting, along with the Governor, Dr. Eugenio Matijasevic, and Governor-elect, Dr. Dora Inés Molina de Salazar. The meeting featured sessions on very relevant and current topics, and my participation in the meeting has further strengthened ties among the Latin American ACP chapter leaders.
