

**Clinical Vignette & Research Poster Competition Guidelines**  
**Medical Student, Resident/Fellow, & Early Career Physician Members**

Participants must set up their poster in the Career and Professional Development Center, located in Hall G of the Ernest N. Morial Convention Center. Each presenter has been assigned a specific poster board number. You will be sent an email with a link to check-in a few hours before your assigned poster session. There will also be QR codes on signs in the Career and Professional Development Center that you can utilize to check-in when you arrive. Please note, you do not need to check-in with email AND the QR code as they both give you the same information. This check-in process will generate the board number and display this information. Presenter ribbons will also be adhered to the QR code signs so you can grab and go on the way to your poster board.

**Each presenter will be asked to give a 4 minute “presentation overview” of their work, leaving 6 minutes for a question-and-answer session with the judges.** All winners will be announced at the Celebrating Internal Medicine Reception on Saturday evening. Results will also be posted on the website the week following the Internal Medicine Meeting 2025.

Each presenter will be assigned a display area measuring 4 feet in width and 4 feet in length. ***These dimensions must be strictly followed, with no exceptions.*** We recommend that the final poster size be slightly smaller than the provided space—specifically, 3 ½ feet by 3 ½ feet. The display board has a cork base and is covered with fabric. Pushpins will be provided for mounting your poster. Please note that no major changes should be made to the text of your abstract. This is a poster-only competition, so laptops and slide shows are not permitted as part of your presentation.

*\*Research posters should include a copy of the abstract on a separate sheet of paper, typed in a large font, and posted in the upper left-hand corner of the poster board.*

**ePoster**

In addition to a paper poster that you will bring to the meeting, you will need to create a Voice-Over PowerPoint presentation then convert it to an MP4 file. There is a 1 slide limit for the ePoster and the final file should not exceed 100 MB along with a 4-minute time limit. Instructions on how to create a Voice-over PowerPoint can be found on our website in the Frequently Asked Questions document. All ePosters should be submitted no later than **Wednesday, March 5, 2025.**
