ACP's Obesity Management Conversations Tool

Be a part of a pilot program developed to help you practice applying concepts learned in Obesity Management 1: Lifestyle Modification.

- Test your skills at applying the 5A framework by conversing, either with a microphone or by typing, with a simulated online patient.
- Heighten the stakes with a ten-minute conversation limit aimed to approximate a busy clinical environment.
- Receive customized, evidence-based feedback on your performance, with opportunities to practice again with other patient scenarios.

Help refine this newly developed learning environment: Try ACP's [Obesity Management Conversations Tool](#), and then [share your feedback](#)!

Make a difference in how we learn online by contributing your feedback today! Pilot ends February 28, 2025.
